WIRELESS PRINTING SOLUTION FOR iPAD,® iPHONE® AND iOS® DEVICES

xPrintServer is an easy-to-use, affordable 'plug-and-print' solution for Apple® iOS devices, enabling wireless printing from the native print menu to networked printers.

There's no need to install any printer drivers or download any applications. xPrintServer also eliminates the need to sync documents back to a Mac or PC.

Now, you can print documents, photos, e-mail, web pages and more in minutes. Open the box. Plug the xPrintServer into the network. Print. It's that easy.

With xPrintServer, businesses no longer have to invest in brand new printers to enable iOS device printing. xPrintServer is suitable for corporate environments of any size – ranging from Fortune 500 to SMB/SME to SoHo. xPrintServer alleviates the hassles of printing for professionals in any industry including financial services, education, healthcare, hospitality and more!

xPrintServer Highlights:

> No apps to download and no software to buy

> Automatic printer discovery and provisioning

> Easy-to-use and no configuration

LANTRONIX®

xPrintServer Features
